Dear Parent/Carer

### **School Twitter Account**

I am writing to inform you that we have set up a school Twitter account. We will use Twitter to keep you up to date with events happening in school and to post photographs so that you can see what children are learning. Many schools across the country already use Twitter very successfully to promote their work and we are very excited about the opportunities that this will offer.

Child safety is of utmost importance to us and has been considered while making the decision to join Twitter. Our Twitter account will be open to the public, just as the website is. Tweets will be produced by staff only and only appropriate content will be 're-tweeted'. As with all internet based resources, we cannot be held responsible for other content on Twitter. As always, we advise that parents talk to children about social networking if they are aware of and/or accessing information from them and reinforce the safety implications of using sites such as Facebook and Twitter.

Photographs will be added to Twitter but children will not be named. We will only add photographs if we have permission to use your child's photograph on our website. If you have any concerns about your child's photograph being used please let us know immediately.

Yours sincerely
